## DESCRIPTION

A fortified heavy duty detergent, tested for superior performance. Excellent soil removal in many different applications. Contains a blend of synthetic detergents to produce the best performance.

Excellent floor cleaner for industrial applications. Provides superior cleaning results on oil and grease while using less detergent.

## DIRECTIONS

### Floor Cleaning:

Hose down area to be cleaned. Lightly sprinkle the whole area with **Crete Clean** and allow it to work for at least 10 minutes. Agitate with a stiff broom or brush, giving special attention to heavy soil spots. Rinse down and squeegee residue into drain (subject to contaminates being removed).

**NOTE:** If white residue appears after drying it indicates excessive chemical usage or improper rinsing. Best results will occur with more frequent light applications.
