FROG-RL860

FEATURES

- Vacuum motor protection system
- Intelligent, easy to use control panel
- Large capacity solution & recovery tanks
- Powerful front drive motor provides climbing power up to a 30 degree incline
- High quality Italian made Amer front drive wheel, brush plate worm gear & worm motor.
- High quality parts reduce breakdowns & provide years of reliable service
- Intelligent control system to prevent accidental damage
- Comfortable and safe design
- Includes both pad drivers and brushes at no additional cost

TECHNICAL DATA

Model	Frog-860
Cleaning Width	34" / 860 mm
Squeegee Width	41" / 1050 mm
Solution Tank	140 L / 37 Gallons
Recovery Tank	150 L / 40 Gallons
Brush Speed	180 - 220 RPM
Brush Pressure	70 kg / 154 lbs.
Brush Motor	2 x 325 W
Vacuum Motor	800 W
Walking Motor	650 W
Efficiency (/h)	5,800 m ² / 62,500 sq ft
Max Speed	4 km
Max Climbing Rate	30°
Turning Radius	1.5 m
Sound Level (1m)	≤ 60 dBa
Battery	4 x 6 V 200 Ah
Working Duration	4.5 - 5 hours
Weight w Batteries	485 kg / 1069 lbs.
Packing Weight	515 kg / 1135 lbs.
Packing Size	66" x 46" x 59"

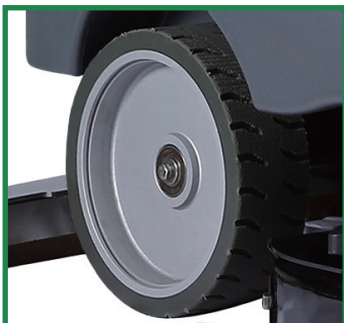

DETAILS

Intelligent and Easy to Use Design

- With its simply to use controls the RL860 is a pleasure to operate and easy to understand for any user.
- Automatic squeegee bar raise and lower function prevents accidental damage to squeegee system when reversing.
- Vacuum system designed with a 5 second delay to prevent backflow of recovery water when scrubbing is complete.
- Intelligent water quantity sensing system for both the solution tank and recovery tank. This system shuts down the vacuum motor automatically when recovery tank is full or the solution tank is empty prolonging the life of the vacuum system and increasing efficiency.
- Seats and backrests are adjustable forward and backward for user comfort. Pressure sensors on seat ensure user safety.
- 5 - 8 mm metal parts throughout make the BullFrog RL860 more durable than most scrubbers on the market today.
- Uses Italian made Amer motors that provide 30% more energy efficiency and a 50% increase in life expectancy versus most other motors on the market today.

INCLUDES / DESIGN FEATURES

Polyurethane anti-slip main wheels provide years of long lasting durability and quiet operation on uneven floors.

Equipped with four 200Ah 6V large capacity AGM maintenance free batteries for longer run times.

Durable and long lasting premium rubber Linatex squeegee blades provide excellent water pick up.
